

## Prayer for the Leaders of North and South Korea

God of peace, your Son said that peacemakers were blessed because they are the children of God. We pray for the conversation to take place tomorrow (later today) between North Korean and South Korean leaders. We know you will be present, by your Spirit open hearts and minds to new and unexpected steps towards peace.

God who does more than we can ask or imagine, we join with our Korean sisters and brothers in praying that further steps will be taken towards ending the war footing both nations are on and that the barriers keeping families apart would be torn down so that families can connect with each other.

In Jesus' name we pray. Amen.
